MAJ. CASE GOING TO PHILIPPINES FOR FOUR MONTHS

For the purpose of taking a well-
earned vacation, and visiting his many
friends and former fellow-officers in
the Philippines, Maj. David H. Case,
Q. M. C., U. S. A., assistant to the de-
partment quartermaster here, will
leave probably on the month's trans-
port for Manila and the Orient, to be
gone four months with his family.

"We expect to leave here on the
October transport if there are accom-
modations for us," said Maj. Case to-
day. "We plan to spend from 15
days to a month in Manila, and to
pass the remainder of the time in
touring China and Japan, which I
have not visited in nine years, hav-
ing been in those countries last in
1906."

Maj. Case knows the Philippines
perfectly, as he was stationed there
from 1899 to 1901, and from 1903 to
1905. He has been granted a four-
month leave of absence and, as he
says, the trip will be only "on pleas-
ure bent," and solely for vacation pur-
poses.

Former Lieut. A. J. Booth, military
instructor at the Kamehameha
schools, is receiving congratulations
from the faculty and graduates on be-
ing promoted during the week to the
grade of captain.

Capt. Booth, as he will be known

military work at the school for the
last two years and has kept the cadet
battalion up to high standard. Aside
from his military work, Capt. Booth
has been active in school affairs. Dur-
ing President Webster's absence in
the States, he acted as president of
the schools.

In athletics he has shown much in-
terest and at the present time is the
head coach of the football team of the
school. The cadets received the news of
his promotion with cheers. He is
working hard towards making the
new company K of the National Guard
a success.

JAPAN TO BE ALLOWED TO RETAIN FIFTH OF TSINGTAU CUSTOMS

WASHINGTON, D. C.—The reop-
ening of the Chinese maritime cus-
toms office at Tsingtau is reported to
the bureau of foreign and domestic
commerce at Washington by Post
Wholesaler, the American charge d'aff-
airs at Tsingtau. The agreement was
signed by the Japanese minister to
China and the director of the Chinese
customs service, and came into force
September 1, 1915. The Japanese
government, after deducting 20 per
cent of the import duty, as provided
in the revised agreement between
Germany and China, out of the cus-
toms receipts levied up to the date
of the reopening of customs by the
Japanese authorities at Tsingtau, is to
turn the remainder over to the Chi-
nese customs authorities. Imports at
Tsingtau normally exceed \$6,000,000
per annum in value. Full particulars
concerning the trade at Tsingtau were
recently issued by the bureau of for-
eign and domestic commerce in a sup-
plement to Commerce Reports dated
July 17, 1915.

LONDON, Eng.—The London Ga-
zette announces the appointment of
Lord Decies to be assistant adjutant
and quartermaster-general of the Brit-
ish army.

Lord Decies, who is 49 years old, is
a veteran of the South African war.
He was formerly colonel of the South
Irish Royal Horse Guards. Since the
beginning of the European war his du-
ties chiefly have been in connection
with the raising and training of new
troops in South Ireland in the neigh-
borhood of his home. As husband of
the former Miss Vivian Gould, daugh-
ter of George J. Gould, he is well
known in America.

his home in Paris, aged 79.

NEW PUNCHBOWL RIFLE RANGE IS ASSUMING FORM

Two-thirds of Clearing Done;
Rush Order Sent to National
Guard for Pitchforks

Pitchforks are generally used for
agricultural purposes, but today Na-
tional Guard headquarters received a
rush order for a dozen of them for
military use. They are not being used
in bayonet drill, but merely to help in
gathering up the brush, cactus and
other debris from the clearing opera-
tions now going on in Punchbowl
creek in preparation for the estab-
lishment of the National Guard's rifle
range there.

Up to the present time the 24 terri-
torial prisoners working at clearing the
range, which will be 900 yards
long and nearly as wide, have succeed-
ed in clearing nearly two-thirds of the
space, removing algaroba trees, cacti,
weeds, lanterns and other incum-
brances to the unobstructed view
necessary in the range.

In addition to the dozen pitchforks,
National Guard headquarters is fur-
nishing the prisoners one of its heavy
wagons to be used in carting brush to
be burned and placing it in piles ready
for burning. The conflagration will
start Monday morning and citizens
seeing much smoke rising from the
creek order should not get the idea
that an eruption is in progress.

The prisoners are camping in tents
on the rifle range site, and after they
have finished clearing it, the engineer
company, N. G. H., under the direction
of Capt. Charles R. Forbes, will start
laying out the range after the most
approved manner.

Present plans are to have the range
completed in November or early in
December. Target practice will not
start until orders for the annual shoot
are issued by Col. Samuel I. Johnson,
the adjutant-general, now on Hawaii.
Col. Johnson will return here a week
from tomorrow and may prepare or-
ders at that time. He is planning a
trip to Maui for the purpose of in-
specting new companies there.
Prospective companies are drilling
at both Waiuku and Kailuku, and Al-
exander & Baldwin, at whose planta-
tions and sugar mill most of the pros-
pective members are employed, are
cooperating in every way to aid the
establishment of the companies.

Lieut. W. C. Whitmer, U. S. A., the
inspector-instructor, will return with
Col. Johnson October 5 from the Big
Island. Both men have been extreme-
ly busy this week inspecting com-
panies on Hawaii, and from all reports
the National Guard is in a more
flourishing condition there than ever
before.

YOUR SICK CHILD IS CONSTIPATED! LOOK AT TONGUE

If Cross, Feverish or Bilious
Give "California Syrup
of Figs"

No matter what ails your child, a
gentle, thorough laxative should al-
ways be the first treatment given.
If your little one is out-of-sorts, half-
sick, isn't eating, crying and acting
naturally—look mother! see if tongue
is coated. This is a sure sign that it's
little stomach, liver and bowels are
clogged with waste. When cross, irri-
table, feverish, stomach sour, breath
bad or has stomach-ache, diarrhoea,
sore throat, full of cold, give a tea-
spoonful of "California Syrup of Figs,"
and in a few hours all the constipated
poison, undigested food and sour bile
gently moves out of its little bowels
without griping, and you have a well,
playful child again.

Mothers can rest easy after giving
this harmless "fruit laxative," because
it never fails to cleanse the little
one's liver and bowels and sweeten
the stomach and they dearly love its
pleasant taste. Full directions for
babies, children of all ages and for
grown-ups printed on each bottle.
Beware of counterfeit fig syrups.
Ask your druggist for a 50-cent bot-
tle of "California Syrup of Figs," then
see that it is made by the "California
Fig Syrup Company."—Adv.
